

**Leona Marie Francesca S.
Rebosa**

The road towards the M.D. is not easy. But for Cheska, it's only a matter of motivation and dedication. The busy schedules and the work never fazed her; she learned the perfect balance between academics to keep her focused and music to keep her passionate. If there's one thing she wants to be remembered in college for, it's the persistence she has put into striving for greatness. The great My Chemical Romance once said, "Go and try, you'll never break me." And Cheska never broke.

Jose Carlo B. Rementina

"I promise you it'll all make sense again." (dodie, "Secret for the Mad")
