MINOR IN LITERATURE (ENGLISH)

"It is with passion, courage of conviction, and strong sense of self that we take our next steps into the world, remembering that first impressions are not always correct. You must always have faith in people. And most importantly, you must always have faith in yourself." (E. Woods, Legally Blonde)

Austin Charles C. Policarpio

The words "effort" and "thoughtfulness" take human form in Austin. His undeniably pure heart will go out of its way for absolutely anyone without the need to ask. When things get tough and quitting seems like the only real option left, he pushes himself even harder until he sees it to the end. He never gives up—not on things, and never on people. Plus, his "HAHAHA's" are dangerously contagious. Ateneo may be filled with thousands of people, but Austin is someone you can never forget. (A. Cruz)
