To countless coffees. To countless sleepless nights. To countless readings.  
I found friends in my block mates, in my classes, & in the organizations that I'm part of.  
They stayed with me as we studied. They stayed with me as we finished our shifts for  
our org events. They stayed with me as we talked about anything & everything.  
Cheers to countless precious memories. Cheers to countless precious friends. Cheers  
to the school that gave me the space to explore.  
Thank you, Ateneo, for 4 years!
