MINOR IN JAPANESE STUDIES

I've always been on the shorter side; I stood at 4'11" when I graduated from high school, and now as I graduate college, I stand at 5 feet tall. Yes, over the course of four years, height-wise, I only grew an inch, but four years in Ateneo has taught me how to reach heights I never thought I could.

For all 151 academic units, to the countless lessons within and beyond the campus; to everything and everyone that came with the past four years, salamat...thank you, Ateneo!

Richard Ian M. Resurreccion

As he walks through the campus, he'll surely catch your eye. Behind the smile and trendy style is a humble and hardworking student, loving child, and very supportive friend. I don't know how he does it but he can balance work and play like a pro, being both a student jock in radio and a host. That's Richard, the moreno from Ateneo.
