Michelangelo once said, "The greatest danger for most of us is not that our aim is too high and we miss it, but that it is too low and we reach it." I learned MAGIS. I learned that the best word among good, better, best is better for it exceeds what may be best and is never-ending in searching for more. However, I also learned to be content with what I am capable of doing and to be accepting of my limits as a person. For that, thank you, Ateneo, for teaching me inside and outside the classroom.
