Sa hinaharap siguro, sasabihin natin sa isa't isa, "Halina, mahal, balikan natin ang ating mga dating tagpuan." Ngunit sa pagbalik sa Ateneo, maiiba na ang hitsura, ang amoy, at ang tinig ng mga dating tagpuan. Ibang tao na kasi ang naroon, at ibang tao na rin tayong magbabalik. Ang mananatili ay ang hiwaga ng pagpapalalim at pagpapalawak ng ating mundo sa bawat pagkakataon ng talaban sa isa't isa. Kaya't sa bawat Ikaw na nakatagpo, salamat.

She finally met someone who challenged her; she got a letter – F. She met another who made her care about a country she's been told is hopeless (but really it has never shone brighter). She picked up a blade, cuts littered her hands; she's never been stronger. She flew and met people, similar and different. Going down? It's an uphill climb. If there's one thing she'd like to say after all this, it's this: thank you for the great run. She'd say more, but she's run out of time (what's new?).
