

Kim Aeme D. Henson

Kim Henson always finds a way. Even when she wakes up from a nap an hour after her alarm, she manages to get the job done no matter what. Kim has never been one to settle for less. In fact, she is always willing to do and to be more. It is the little things that she does that allow you to see just how big her heart is. As she leaves the Ateneo, there is no doubt that she will continue to be nothing short of amazing. (M. Chow)

Enrique Jose E. Hosaka

OJ is the type of friend you can approach about anything. From bad grades and empty wallets to man dates and days that are simply flawless. He's the type of friend you can talk to about anything, yet conversations with him never seem to be shallow. He's been through so much in the 7 years I've known him. He's experienced tremendous highs as well as devastating lows. Yet, despite all of those, his character never faltered. I'm more than honored to call him one of my closest brothers. (M. Ignacio)
