Hindi kayang lampasan ang hindi nadaraan.  
Thank you Ateneo for challenging me, teaching me, humbling me, and believing in me. Down the hill I go, with my head held high, my heart overflowing with all the love you gave me, and holding all the hope you have raised me with. May I be an extension of your values and His presence in the world. I am and will always be on my way to becoming towards the Greater Glory of God.
