Unclothing myself of my comforts four years ago was difficult. Yet, over the years, the Ateneo has taught me to embrace the idea of taking risks and taking a step out of my box. Nothing could be achieved if you do not venture for what you are aiming for. Indeed, it has not been a smooth ride for me, but it is through those bumpy roads that I have seen myself grow. The more did I learn to appreciate the saying, "It is the journey that counts, not the destination." With that, thank you, Ateneo!
