

Kyle N. Mitschiener

DOUBLE MAJOR IN BS MATHEMATICS

Kyle is a person of many contradictions. He is the type of person who, one day, doesn't stop until his work is perfect then does absolutely nothing of note the next. He brushes off many of his successes as something he did on a whim or as something he didn't put too much effort into, but the results say otherwise. Someone who is at once both driven & lazy, with the arrogance & the humility to simultaneously brag about & downplay himself, Kyle will never fail to impress & surprise. (N. Vasay)
