

**Isabela Maria L. Garcia**

If there's one thing anyone can learn from Sami, it's perseverance. No matter what paper, oral exam, long test, or even org work may come her way, she faces all of it head on and with a smile. She overcomes anything that stands in her way towards achieving her goals. Even with so much schoolwork, she always makes time for the people she loves. Her determination, courage, and heart will take her places, and I can't wait to witness where her adventure will take her. (H. Gana)
