Isang malapanaginip pa rin na ang isang simpleng taong katulad ko ay nasa Ateneo. Mula sa isang babaeng may mataas na pangarap, akala ko ako'y isang ibong walang makapigil sa paglipad. Pagkalipas ng mga taon, unti-unting nababasag ang imaheng ito at naalalang isa lamang akong hamak na mortal. Mortal na may pusong wasak ngunit patuloy pa ring nangangarap at nagmamahal.

A famous person once said, "...in this terrifying world, all we have are the connections we make." Through my four years, I experienced all kinds of relationships. Some more important than others, some I didn't expect to be of importance, and some which I thought were important but turned otherwise. To all of these relationships, thank you. Not all of you may have been the best for me, but I cannot deny how you made me who I am today. And I think I turned out pretty well.
