## Ye Kwon Lee

There weren't any maps or instructions given to me on how to be a good college student. Instead I was given blockmates, org mates, batchmates and friends who have helped in shaping me to become who I am today. What I fear the most as I face my last few months of school is the feeling that I have hurt more than I have done good to others. I will strive to become a better person today than I was yesterday, and even a better person tomorrow than I was today. Thank you, God, and I love you, Ateneo!
