MINOR IN MANAGEMENT

I thought that I would regret my stay in the Ateneo, that I was meant to be elsewhere, but I don't. My time in the Ateneo has been filled with growth and positivity. I'll look back at my four years and be proud of my experiences and accomplishments which have shaped me into the person I am today and will be tomorrow.

This is for my parents and the sacrifices they have made to get me to this point. God saved the Queen.

I kno da wey.
