If there's one thing that I will always remember about the Ateneo, it is how deeply it engraved in me to never forget my "why", leading me to a purpose even greater than myself. The idea of being more for others without counting the cost will always serve as my guide as I carry the Blue and White with me. Thank you for the wonderful years of laughter and tears, Ateneo! The then seven-year old Summer who only dreamt of becoming an Atenean is now about to go down the hill and onto the world.

Beyond what I've been taught in my classes, it's important for me to think about the people who I've shared this experience with. Thanks to my high school barkada and family for helping me keep in touch with my past and being the people who made me who I am today. Another shout-out to my panda, OBOSEN, and friends I've made along the way for helping me get on my feet in college. It's been a wild bunch of years but you've made them worthwhile.
