

Kristin Andrea A. Mallari

Kristin always seeks for opportunities and avenues to be the best version of herself. She constantly strives and perseveres to achieve her goals while allowing herself to learn and grow through the whole process of getting there. With whatever life may bring, she never fails to proceed with love, compassion, and kindness despite and especially during arduous times. All the while, she draws strength and inspiration from her loved ones who unceasingly remind her of her “why.” (R. Mallari)

**Doreen Allana Elena O.
Manalang**

Every so often, who Doreen is and what she does seem to always increase. She is a friend who gives much-needed advice, a favorite class beadle who never fails to give reminders on time, a student leader who oversees a whole department, and a soon-to-be doctor who will undoubtedly offer her life to be in service of others. Doreen embodies the word ‘beyond’—someone who continuously extends herself to others and goes beyond her tasks and limits.
