“A life lived in fear is a life half lived.” (Baz Luhrmann)

“We all have this one golden summer of life that we can try and mine out of forever or we can appreciate it for what it was and carry on. We have to find our other summers. Those other definitive seasons in our lives that make us feel like we’re exactly where we’re supposed to be. If you’re always turning around, facing the direction you came from, how can you appreciate where you’re standing today? You have to give yourself a chance.” (H. Williams)
