Love, and let love

Jose Carlos K. Ignacio

If you asked me to describe my Ateneo experience from prep to the end of college, I'd give you a list of the names of all the classmates, teachers, and all the other people I've encountered along the way. I'm not going to remember the grades I got, and I may even forget most of the classroom lessons. But when I look back, I'll remember names, faces, and experiences. Thank you to all the Ateneans who made me love my 16 years in Ateneo.
