MINOR IN FINANCIAL MANAGEMENT

Though my time in Ateneo has reached its course, one word that best describes the last four years is the word 'timeless'. From the coffee-shop lifestyle to random conversations with friends over what happened last weekend, to my 'academic' experiences in both Berlin and London, and to that oral exam wherein I got a thesis statement I did not study for. I look back with much joy for what has been, and for that I am eternally grateful.

I have many nicknames: Ronnie, Ronald, Nald, Totnak Beri Gud, Lodi, Brodie, and the likes. But you can always call me Yours.
