To sum up my 4 years in Ateneo:

Eat, sleep, daydream, relax, procrastinate, panic, finish a 20-page paper in two days. All-nighter, org work, meet new and old friends, sleep in class, cut class. Contemplate about life, readings, exams, more papers. Translate, intern, study abroad, part-time, volunteer, save & waste money, travel with friends & strangers, new hello's, more good-bye's, meet more people, shake hands with the president, yet still don't know what to do in life.

To be continued...

"Simple, walang arte, prente lang sya lagi. Pagkakasundo ng puso't utak niyo ay grabe. Kayang sumabay sa trip ng inyong tropa, siya pa yatang makakatalo sa'yo sa DOTA. 'Di ka pahihirapang paakyat ng ligaw kahit ang kaya mong ipakain lang ay isaw. 'Wag kang magkakamali na pag-isipan siya na cheap, wala lang talagang kaso sa kanya kung mag-jeep. Marunong maglaba kahit wala sa itsura, 'di niya na rin kailangan pang pumostura.'" (Bartolome, 2014)
