Hi, future self. Just so you know, we've only gotten this far because of one reason, only one. You know what it is. Cherish the time and all who are still with you. Even when life doesn't go the way we want, just remember to keep moving forward! Wherever you are, I want you to keep praising our Lord. Listen to wisdom. YOU are not your own. May you be more humble, unselfish and full of joy. Respect all. Remember important dates. Keep praying Mt 17:20. Enjoy life, alright? God bless!
