

Manuelle Kristian T. Bitong

MINOR IN INFORMATION TECHNOLOGY

It was in college where Kristian sought and found who he truly was: someone snarky, brave, straightforward, yet incredibly kind. He is the person you seek solace from, but what he'll offer instead is likely an unapologetic, sometimes sarcastic, shoulder to cry on—which honestly, is what you needed anyway. As college is about to end and he continues to seek where he's truly meant to be, even when he eventually finds it, you'd long for his friendship, honesty, and unending sarcasm. (G. Araos)
