It's always either one day or day one. And with Ateneo, I grew to choose the latter.

My words might fail to articulate all that I've learned and loved. The past five years wasn't smooth sailing, yet it molded me to become resilient in the face of adversity, courageous amidst the uncertainties, and passionate with everything I believe in. Thank you, Ateneo, for teaching me and giving me the chance to truly live.

Now, I say this with a lot of gratitude and pride: Napakasarap maging Atenista!

"It can't get any worse." Yes it can, and it will, but never to the point wherein you can no longer handle it.

The Ateneo taught me that an obstruction shouldn't be something that stops you from getting to your destination, but something that shows you that there are more ways to get there than you originally imagined. For that, thank you.
